

Item for Agreement of Class Rep Council

ITEM NO. 2311-02 TEACHERS WORKING GROUP

Proposed by
Eoin Crossen (VP Academic Life)

Issue Definition

Council highlights that teaching students face unique issues not faced by the general student population, and the nature of these courses (especially placements) mean that students in these courses may not have the ability to participate in forums such as Class Representative Council.

Issue Action

Council reaffirms its commitment to supporting student nurses while they are on placement.

Issue Mandate

The VP Academic Life, in collaboration with the Institute of Education Faculty Representative, create a Teachers working group, bound by the Teachers Working Group terms of reference.

Council mandates the VP for Academic Life to report on recommendations of the Teachers Working Group in each of their Officer Reports.

Council mandates that the Teachers Working Group be maintained by

the Sabbatical Team with review each year, until the natural expiration of this motion.
